REMARKS

Claims 70-81 are pending and under examination in the subject application. Claim 70 has been amended to introduce certain format changes. Applicants maintain that this Amendment raises no issue of new matter. Accordingly, upon entry of this Amendment, claims 70-81 will be pending and under examination.

September 21, 2005 Examiner Interview

Applicants wish to thank Examiner Davis for her time and consideration during the September 21, 2005 telephonic interview with the undersigned attorney, Alan J. Morrison.

During the interview, the Examiner informed Mr. Morrison that the subject matter of pending claims 70-81 is allowable. In addition, it was agreed that amending the preamble of claim 70, as done herein, would permit the preamble to better reflect the subject matter set forth in steps (a) and (b) of that claim. In view of the above, applicants understand that claims 70-81 are in condition for allowance, and look forward to receiving a Notice of Allowance in due course.

Summary

If a telephone interview would be of assistance in advancing the prosecution of the subject application, applicants' undersigned attorneys invite the Examiner to telephone them at the number provided below.
